RE: Receiving Goods at Checkpoint

Tansi Netotemmak,

We understand that not everything you need may be at the Fifth Meridian Market (F.M.M) or Northern stores in LRRCN. And you may have someone who can drop these items off for you at the Checkpoint on HWY 58 just west of JDP access.

Only items that are not available at the stores will be allowed through the checkpoint. This is in an effort to limit movement into LRRCN as much as possible and stop the spread of Covid-19 into our Nation.

This virus can live on some surfaces for up to 3 days. If any of your items can be disinfected when you receive them, please do so and wash your hands after handling.

Please note the following items that are approved to come through checkpoint:

- Vehicles or ATVs (with no additional packages)
- Baby Supplies
- Food and drinks (if not available at the stores)
- Ceremonial Material
- Tobacco
- Easter Supplies
- Prepared Birthday Cakes
- Take-out Food

If you have questions about other items, please leave a message with the Nation Communications Call Center 780-759-3912 and we will answer your questions during business hours.

Thank you,

Chief Conroy Sewepagaham
