

Who can obtain Home Care help...

Any Nation member who requires health care in their home or who has an ongoing complicated medical condition that requires a case manager.

How to get Home Care help...

- Anyone can refer a client to the Home Care Program. A referral can be from a doctor, hospital, nurse from the community, family member, or from the applicant themselves.
- The referral can be in writing, by phone, or by a visit to the community Home Care nurse.
- This is a voluntary program, no one is forced to join or stay in the Home Care Program.
