MEANINGFUL SCHOOL SUPPORTS

LRRBE provides mentoring and induction supports for new teachers. Additionally, to further instruction that enhances student learning, we incorporate acclaimed approaches such as: Second Step to address bullying and promote emotional growth; remedial and grade relevant programs for literacy, including Jolly Phonics for fun and multi-sensory learning and Mathletics for engaging numeracy programming. We also provide Smartboards for each classroom and students have regular access to iPads and Chromebooks and much more!

Students (and staff-if they wish), are supported to learn contemporary and traditional Woodland Cree community culture, ways of life and language with knowledgeable Cree language speakers and instructors.

**Applications for employment may be sent to Dr. Gord Breen,
Director of Education, gordonb@lrrbe.com**
