

The Paskwa Fire (HWF030) | May 18, 2023 at 8pm

The Paskwa fire is located in the community of Fox Lake and was detected on May 2, 2023. This fire is classified as Out of Control (OC) and the last recorded size is 61,452 hectares. The fire is 1km inside the Wood Buffalo National Park boundary and is approximately 8km from the community of Garden River.

Today, crews began work to secure the northeast perimeter of the fire working along the retardant line on the flank closest to the community of Garden River. Members of the Incident Management Team were in the community to provide an update and answer questions from residents about the status of the fire and to discuss conditions for the removal of the evacuation alert.

Members of the IMT also visited the community of Fort Vermillion to meet with evacuated residents of Fox Lake and provide information about the status of the fire and answer questions.

Work continues in the community of Fox Lake to create safe conditions to allow for re-entry, beginning with temporary access and escorted community visits. The Incident Management Team is working closely with the Little Red River Cree Nation to develop a timeline for when these visits may be able to occur. Access to the Little Red River cultural heritage site will also be facilitated once escorted visits to the community begin.

Today, a specialized tree-falling crew arrived and began to assess and remove dangerous trees in the community. Crews continue working to create an extinguished perimeter of approximately 30 metres around every structure, this objective will take time given the number of structures in the community.

Tonight a specialized drone equipped with infrared cameras will scan the community of Fox Lake and provide detailed locations of the remaining hot spots to help crews locate them for extinguishment. The drone will be requested again tomorrow evening to scan the southwest perimeter of the fire to identify any remaining hot spots along the control line.

ATCO crews are also working in the community to restore power and repair damaged lines.

There are 99 firefighters, 8 helicopters, and heavy equipment working on the Paskwa fire. Air tanker support is available as requested.

Little Red River Cree Nation has an evacuation order in place for the community of Fox Lake. The community of Garden River remains on an evacuation alert. For information regarding the evacuation, please stay informed by visiting the Little Red River Cree Nation's Facebook page.
